UMD CV Generation using Faculty Success - Status March 2024

The pre-configured University CV report in Faculty Success is a work in progress and is not the final configured report tool for generating a CV in the University CV Template format, as per the below. We continue to test the University CV report generation feature in Faculty Success and welcome your feedback.

You can generate your CV in the University CV Template layout in Faculty Success in Word format (that is the default) by selecting the **University CV report**. Note that you can choose to keep the section and sub-section levels in the report or, if you prefer, you can have those turned off - simply identify your preference at the "Include section and subsection levels with report?" prompt. You can edit the generated Word document to get the content into the format you need. Simply open the file and save it in Word (.docx or .doc) format before making any further edits.

The table below outlines where data is pulled from within Faculty Success in the generated report, using the Faculty Success data screen names. The first two columns list the screens that do and do not contribute to the report's output, respectively. There are also several sections in the generated report that are not yet getting any data from Faculty Success data screens; these are listed in the third column. Lastly, the set of known issues with the generated CV are enumerated in the fourth column.

Data Screens Included in the University CV Template	Data Screens **Not Included** in the University CV Template	Sections of the University CV *Not* Populated from Data Screens	Other Known Issues
- Personal and Contact Information - Educational Background - Post-Graduate Training - Appointments at UMD - Other Employment - Continuing Education - Professional Certifications and Licenses - Professional Memberships - Honors and Awards - Research Advising - Participation in Thesis/Dissertation Committees - Mentorship - Guiding Professional Development - Professional and Extension Education - Non-Credit Instruction - Scheduled Teaching - Curricular Advising and Recommendations - Teaching Innovation	- Biography and Expertise - Media Appearances and Interviews - Tenure and Rank - Other Appointments at UMD - Biographical Sketch - Student Feedback on the Course Experience - Contributions - ORA Managed Proposals - Other Proposals UMD Extension Data Screens: - Yearly Extension Data - Agriculture and Food Systems Individual Extension Plan (IEP) - Environment and Natural Resources Individual Extension Plan (IEP) - Family & Consumer Sciences Individual Extension Plan (IEP) 4-H Individual Extension Plan (IEP) - Direct Events - Indirect Events	- II.A.6 Other - II.B.8 Other - II.D.3 Other - II.F.10 Other VI. Other Information	- Courses taught at other institutions cannot be represented on any data screen, nor in the report - ORA awards are reported at the sub-account level which is too detailed - Postdoc positions and other important items in section I aren't included if the date range is for the past 3-5 years
